**cabolo**<sup>®</sup>

**BOSCH**

*Audio, video, and text all in a single product that improves productivity, accessibility, and efficiency.*

## **Bosch and cabolo®** **united for CABOLO Multimedia**

From the most complex meeting rooms, to conference halls hosting your events, CABOLO Multimedia is the integrated solution that combines simplicity of use with the security of your data.

### **More quality**

Artificial intelligence of CABOLO and the performance of the multimedia microphone base from Bosch together for a unique solution offering in the market.

### **More efficiency**

CABOLO Multimedia broadcasts the video of the meeting, subtitles, and transcribes in real-time. The multimedia file (with audio & text) is ready to read, created all automatically.

### **More accessibility**

In-person, hybrid or remotely, every participant can take part in their own language. CABOLO Multimedia understands 30 languages and translates into 60 in real-time.
