

# **cabolo<sup>®</sup> podium**

**The only interactive and inclusive  
multimedia podium able to communicate**

**ELEGANTLY DESIGNED ALL-IN-ONE,  
PORTABLE AND READY FOR  
EVERY SPEECH THAT MATTERS**

# cabolo<sup>®</sup> podium

**Multimedia, AI and accessibility: all in one solution.**

**An elegant design for a fully multimedia podium**

- 24" Wacom touchpad for convenient multimedia management of presentation materials to support the speaker directly from the podium without the need to connect external devices;
- 37" display for real-time visualisation in live display subtitle format during the speech;
- integrated directional microphones;
- **CABOLO Camera**, PTZ HD camera with 20x optics;
- integrated **CABOLO Subtitle** system for audio/video input management real-time processing of subtitles and sharing on monitors and/or streaming of subtitled video content.

## Real-time subtitling

Thanks to the unique AI technology of CABOLO<sup>®</sup>, **CABOLO Podium** subtitles the speech automatically in the original language.

**CABOLO Podium** features an integrated, easy-to-use and fully self-sufficient control system. It plays audio-video content in the room and on streaming platforms.

It plays audio-video content in the room and on streaming platforms.

The solid and mobile structure allows easy installation, without the need for additional equipment or set-up.

## Multilingual

**CABOLO Podium** subtitles in over 30 languages and translates into over 60, providing a full and complete participation experience. Real-time subtitles allow the audience to follow the presentation even if they do not know the language.

24" touch screen  
integrated with full  
Windows OS

# cabolo<sup>®</sup> podium

**CABOLO Podium** is ideal for auditoriums, press rooms, university lecture theatres and conference venues hosting events where content needs to be delivered in an effective and immediate way, facilitating full accessibility. All subtitles are recorded, indexed and archived to be searchable and shared later.

**More accessibility:** subtitles help to improve comprehension of audio/video content, for those who have difficulties in following the spoken language, such as non-native speakers and people with hearing impairments.

## INPUT/OUTPUT

**CABOLO Podium** uses CABOLO® technology, the only fully autonomous and self-consistent Artificial Intelligence solution that processes information locally without any need for connection to external services.

CABOLO uses the latest Deep Neural Network, Machine Learning and Natural Language Processing methodologies and has been profiled in Gartner market researches for:

- Vendor ID Toolkit for Natural Language Technologies
- Hype Cycle for Natural Language Technologies
- Hype Cycle for Frontline Worker Technologies
- Market Guide for Speech to Text solutions
- Competitive Landscape
